

## **Joe Wrigley**

### *Environmental Health & Safety (EHS) Manager*

As our Environmental Health & Safety (EHS) Manager, Joe Wrigley has an extensive knowledge from his years of experience in industrial maintenance and construction operations, with a strong focus on health, safety, security and environmental services. His expertise spans steel mills, oil refineries, and chemical and electrical plants across Northern America and internationally, including Norway.

Throughout Joe's time in the industry he was also a firefighter and Emergency Medical Technician. Joe has dedicated his career to keeping workplaces and communities safe. He has led safety initiatives on major industrial projects, including ArcelorMittal and BP Whiting Refinery. Ensuring compliance and maintaining a zero-incident record on multiple high-profile jobs.

Recognized for his contributions to workplace safety, Joe was awarded the Kaverner Health, Safety & Environmental Professional Award in 2013. He holds multiple industry certifications, including OSHA 10/30, OSHA 500/510, and National Safety Council Professional Rescuer Instructor.

At Northern Plant Services, Joe is committed to fostering a culture of safety, providing expert guidance, and ensuring our team operates in the safest and most efficient way possible.
